

Proposal for Officer Structure in AMS Council

Recommendation 14:

Consider creating Officers within Council that represent specific groups on campus that do not currently have direct representation.

1 Advocacy and Student Life Committee establish Working Groups within their structure to include Equity, Student Issues and Student Activities Caucus respectively

2 Council appoints Officers to each of the position created in the Caucus (11 in total). Councillors get first preference in getting appointed as a Officer. If there are vacancies, positions will be advertised to include the entire membership.

3 Officers then meet in their respective Caucuses and align their goals and objectives to that of their Committee.

4 Each Caucus representative reports back to their Committees which then report back to Council.
