

Goals of 2015/16

Chiyi Tam, Sustainability Coordinator
29 July 2015

AMS
SUSTAINABILITY

Overview of the Goals

- Sustainability Projects Fund Goals
- Zero Waste Goals
- Sustainability Centre Goals
- Nest's Dashboard Goals
- Nest's Closed Loop Building Goals
- Engagement strategy is being finalized by Nika, our fund administrator

Sustainability Projects Fund

- Completed the first policy review for criteria and contents in the Applicant Guide
- New information will form the content of our future engagement
- Engagement strategy is being finalized by Nika, our fund administrator

Zero Waste AMS

- Enacting the Light Footprint's Targets
- Expand zero waste efforts beyond F&B
- Action plan for zero waste offices
- Support programming for Club Resource and Sustainability Centre
- Zero Waste event resources for clubs and groups

Features in Club Resource and Sustainability Centre

- Supporting overall programme planning
- Physical installations now can be coordinated as one
- Including: Pedal Station, Dashboards, Campus Sustainability Resources + Contacts, Seed Library, External Recycling Services

Building Energy Monitoring

- Grouping projects together:
- Building Monitoring System, Weigh Scale, Dashboard, Nest Data Visualization, Sort-It-Out at the Nest, Nest Sustainability Tours
- This will provide direction for the compost coordinators moving forward– UP FOR HIRE!

The Nest's Closed Loop Organics System

- Grouping projects together:
- Worm Compost, In vessel Compost, Weigh Scale, Rooftop Garden, Local purchasing, Food Safety
- This will provide direction for the compost coordinators – UP FOR HIRE

Newcomers to Sustainability at UBC

- Scheduled for launch in September
- Umbrella Sharing Service
- Carpooling App
- Refillable Personal Care Products in Rez

Thank you!
