

AMS Education Committee

Report for June 2015

What the Committee has been working on

- Looking into an Academic Forum that has been brought up in previous years, tossing ideas around for structuring and topics, as well as doing research into constituency-specific initiatives pertaining to feedback on courses throughout the term.
- Looking into any issues international students may face regarding careers advising, as brought up by a committee member.

Motions to Council

None

Goals

Attend upcoming Senate meeting and bring up a potential collaboration in initiatives to bring awareness of academic resources, Senate, and EduCom to students.
