

Education Committee July Report

What the committee has been working on

- Last month, we were working on updates for AMS policies that relate to academics.
 - Collaborating with Kiran's office to determine which academic policies that have already expired are of top priority to get looked into, amended, and updated.
- As a result of last month's discussions, some background research has had to be done during the month of July. Consequently, Education Committee has had a quieter month in terms of meetings and work.
- In our final meeting of July, we will be going over Open Access Policy as well as Evaluations of Teaching Policy as a follow-up to our previous policy discussions and the research that has been done by the VP Academic office.

Motions for council

- None

Current goals

- Provide the VP Academic office with the necessary feedback on discussed policy items, pertaining to Open Access, Teaching Evaluations, and other topics that may arise.
- Work more closely with the Student Senate Caucus's (SSC) goals, and have Education Committee and the SSC work more closely on initiatives and discussion points in the future. I will be attending SSC meetings in person upon my return to Vancouver in order to ensure this is happening.

If you have any questions with regards to the above information, or would like clarification on something I didn't mention in this report, please feel free to send me an email at educom@ams.ubc.ca.

Sincerely,
Armin Rezaiean-Asel
Chair, Education Committee
