"BE IT FURTHER RESOLVED THAT Council, pursuant to the University Act and Bylaw 14(6) of the Society, give notice to the Board of Governors to increase the fee levy for students in the Medical Undergraduate Society from $58 to $75.50 for first- and second-year students; and $68 to $85.50 for third- and fourth-year students starting in Winter Session 2014/15, and that the Vice-President Finance send this notice to the Board of Governors."

Note: increase of $17.50

$58.00 to $75.50 for first & second years

$68.00 to $85.50

**Medical Undergraduate Students Fee Referendum:**

Total # of votes - 357 (31.9% of MD Undergraduate student body)

**Question:** Do you approve an MUS fee increase of $17.50 per year (i.e. MUS fees will increase from $58 to $75.50 for Year 1 and 2 students, and from $68 to $85.50 for Year 3 and 4 students) for a period of three (3) years, commencing no earlier than September 2014, to support the cost of a three year UpToDate subscription for all MD undergraduate students at all sites?

1) Revenue from the fee increase will only be used to fund an UpToDate subscription for all UBC MD undergraduate students at all sites.

2) The fee will only be levied each year if UBC successfully enters into and maintains an agreement for an UpToDate subscription for all UBC MD undergraduate students at all sites.

3) The first year of the fee collection will start no earlier than September 2014 and no later than October 2015.
