The proposed housekeeping amendments to the AMS Bylaws include the following:

1) Removal of references to posting physical copies of notices. (Notices will be posted electronically.)
2) Replacing references to Senate Caucus by saying that the elected Student Senators will choose two of their number to serve on AMS Student Council.
3) Removal of provisions that violate the Society Act (provisions concerning removal of Executives from office by Council and concerning the removal of Senate reps from Council).
4) Removal of the outdated provisions for paying honoraria to certain Executives, the Ubyssey, etc. (Replaced with a statement saying Council can determine remuneration for Executives and other officers; and that Constituencies can determine remuneration for their officers.)
5) Removal of the reference to an AMS spring or summer membership fee.
