Sustainability Collective

Sustainability Projects

- 1) AMS/SEEDS Partnership with Mechanical Capstone Project students
 - Renewable Energy Producing Mobile (Mobile²)
- 2) AMS/SEEDS Partnership with Electrical Capstone Project students
 - Rooftop Wind Turbine
- 3) AMS/SEEDS Partnership with COMM 388
 - Encourage the Use of Reusable Mugs at Blue Chip Cafe

Outreach and Engagement

- 1. AMS Sustainability Newsletter- more student focused
- 2. Story Telling and Sustainability Appreciation night
- 3. Maintaining social media such as Instagram
- 4. Zero Waste Squad

Projects Fund

- 1. We've committed over \$17,000 to projects so far this term, the majority of which are focused on directly reducing our campus's ecological footprint
- 2. The SPF is on track to finish with a surplus and eliminate our deficit from previous years
- 3. The SPF has become more stringent on applications

SLSC

- Expanding equipment rental system
 - Will be looking into starting a barcode library system to keep up with expansion
- Guidebook for clubs to book larger events on and off campus, with discounts highlighted
 - Will be released in November
- Special recycling and food bank donation bin
