

<b>Lighter Footprint Strategy and Long-term Goals</b>	
<b>Theme</b>	<b>Goals</b>
Waste	Increase the diversion rate in the Nest
	Improve back of house sorting
Food	Purchasing/offering more local, organic, sustainable food for the outlets.
	Eco-to-Go + BYOC incentives and reduce food waste
Climate	Divestment Energy reduction/heating and cooling systems
	Advocate for climate justice/action
Social Sustainability/Community	Support First Nations in their sustainability endeavors
	Consolidate and improve existing relationships with campus organizations. Ensure we are transparent and use our website/newsletter as a way to keep students informed. Committee
Education/Awareness	Work with campus organizations to educate students/staff/faculty on the importance of sustainability
	Enforce ongoing rigid training for AMS staff on sustainability (especially kitchen staff).
Transportation	Continue lobbying for the UPass program and the Line and other busses on campus.
	Support bike-sharing programs at UBC
Purchasing/Procurement	Aligning packaging in the Nest with UBC campus-wide guidelines. Include a sustainability statement in future/renewing leases. Link to existing Ethical Procurement policy.
	Reduce the amount of waste produced (4Rs: Refuse, Reduce, Reuse, Recycle).

SPF/Finance	Continued support for projects/events
	Improve funding procedures for Capstone projects and maintenance for existing projects
