Article 1. General

1. The Advisory Board shall provide oversight and accountability for the entire Society, reporting to Council through the Executive Committee and shall advise Council, the President, and the Managing Director accordingly.

2. The Advisory Board shall make recommendations to Council concerning the long-term goals of the Society.

3. On the advice of the Advisory Board, Council shall set the long-term goals of the Society.

3. The goal of the Advisory Board shall be to provide a long-term perspective on the entire Society. The Advisory Board shall take the goals of all of Council’s Standing Committees and the Executive, and review them each year before submitting them to Council.

34. The Advisory Board shall review the goals of Council’s Standing Committees after they have been approved by Council.

45. The Advisory Board shall review the progress on goals of the Society against Council approved strategic plans and policies.

6. The Advisory Board shall also provide a long-term perspective on Society-wide goals.
