Hi Peter,

What we've been talking about has officially happened now: you've missed five meetings, so your seat is vacant. The NUS can of course appoint someone to fill it. Don't know if attendance is easier in summer.

For the record, the meetings missed were:

Jan. 21, Feb. 4, Feb. 25, March 11, March 25

Sheldon

Hi Sheldon,

Thanks for letting me know, we have clinical shifts every Wednesday that conflict with the meetings. It is very difficult/impossible for me to attend and most of our cohort is in the same boat.

Our president is going to review the nursing role as we faced similar challenges last year.

Thanks,

Peter
