

To whom it may concern:

The UBC Pharmacy Undergraduate Society (PhUS) has conducted a referendum for an increase of \$25 to membership fees for all PhUS members, from \$38.63 to \$63.63. The added funding will be used by PhUS for subscription to an online medical resource called UpToDate that would be used to support our members' learning in an academic setting and while on practicum. This is to be taken into effect by September 2019.

Attached below is the referendum question as shown on the ballot. Thank you for your attention.
