

**The Brewery Committee**

- Had an admirable meeting with the Faculty of Land and Food Systems to discuss the MOU and current challenges facing the Fermentation Lab
- The Fermentation Lab (also known as the Brewery) passed Executive 3 and the Committee has access to the submission
- UBC are currently in negotiations for an MOU with Musqueam
- For respect of the Musqueam people, the Brewery Committee will not sign an MOU prior to the MOU signing between UBC and Musqueam
- Michael Kingsmill (AMS Designer) has created a Proof of Concept for the new space and the committee will use these materials when discussing with partners in the planning process
- The committee is preparing a submission to the Sauder School of Business to pursue a basic market research project about the interest in fermentation lab products
- A motion is coming to council today to acknowledge a name change to better reflect the purposes of the fermentation lab
