

## August Advocacy Committee Report to AMS Council

Submitted on: November 1, 2019

Prepared by: Cristina Ilnitchi, Chair

Hi from Advocacy Committee! We had a slower month because of conflicting schedules and only met once in August but had a great discussion to wrap up what we tackled from our goals during the summer and what we have to do moving forward.

### Works in Progress (or on the Horizon)

- Providing feedback on provincial lobbying
- TextbookBroke campaign is being run again by the VPAUA office. It is being transformed from previous years and will include an open letter which will come to the committee for discussion.

### Work Completed this Month

- Stadium Road Neighbourhood Petition is underway.
- Discussed content of the National Student Letter.
