**DESCRIPTION**  
Provide a summary of what your funds were used for  
These funds were used to fund and support various environmental initiatives, with respect to initiatives that were sustainability oriented, proactively reduced waste, and were accessible to UBC students.

**PROJECTION**  
Describe expected expenditures and income in the next quarter  
Expected expenditures will likely be in relation to funding more sustainable initiatives, that attempt to minimize waste and are available for UBC students to get involved in.

**BENEFITS**  
Describe how the funds usage benefited the student body  
These initiatives are made available to UBC students, in order to create a space and opportunity for students to get involved with sustainability, and promote more environmentally conscious discourse through raising awareness and encouraging action.

**RISKS**  
Describe any risks your group expects in the next quarter  
Potential risks include funding proposals exceeding the allotted budget, and a general depletion of funds in an attempt to provide support to a diversity of initiatives.
