December 17, 2019

Dear Council,

At the time of this report, the HR committee has met approximately six times since our September appointment and below you will find a summary of our activities that occurred during the month of December. Due to the difficulties of arranging meetings in December (i.e. holidays, vacation and finals) this report will be brief and focus on the single project we have worked on during this time.

1. Works in Progress:

Regarding Goal 5, working to fill the advisory board, as of now the committee has been provided a full list of all candidates who are both qualified and interested in filling the advisory board's two professional member vacancies. At our last meeting we went in-camera to discuss the topic of hiring. As of now the committee has made its decision regarding preferred candidates and the President is following up with the candidates to confirm who will be serving on the board. Once confirmed, candidates will be discussed in council and be included in the next report.

While on break we will focus on planning how to accomplish the remaining goals however, as of now the committee is on track to complete its goals having more or less completed goals 5 and 1. Overall, this concludes the human resources committee report for December. If you ever have any questions feel more than free to contact me.

Sincerely,

Riley Ty, Chair
