### **Work Completed this Month**

At our August HR Committee meeting we were fortunate to have VP Admin Sylvester come in to talk to us about a potential update of the job description to the position of the Assistant Manager of the AMS Hatch Gallery. Concerns were raised with the previous hours of the position (10) due to current Covid situation. Hours on job description updated to 20 hours per week but this will only be temporary change for upcoming academic year. Motion to updated JD passed unanimously. I raised the issue of the Indigenous committee chair to committee after it was brought up to me by Alexandra Thomas, the Indigenous Engagement Facilitator for the AMS. Motion was moved and passed to include Indigenous Committee chairs to the AMS payroll with backpay for the current chair back until her tenure began.
