**DESCRIPTION & RATIONALE**

Since the AMS is making structural changes to the quarterly report, the Finance Committee is delaying our financial reporting to the next council meeting on September 16<sup>th</sup>, 2020. Moving forward the AMS will be publishing quarterly reports that not only reflect on finances, but also on the interactions of students in other department as per a data driven model. In the future, the financial quarterly report will be part of a larger AMS quarterly report.
