Work Completed this Month

This was a quiet three weeks for the HR Committee. Since the last council meeting, the only major update to give is the approval of a new finance position created by Lucia and her team. Voting was conducted through email and JD was approved. I will link down below the JD for anyone interested. Laura Beaudry and I will be in further discussion with the Finance and Governance Committee to finalize the logistics of the new remuneration proposal for the Chair/President/Treasurer of the Indigenous Committee.

In closing, I would like to thank all HR Committee members for their work and engagement this summer!
