Hi Joshua,

Cole and I were reviewing our policies and we were recently looking at the External Policy Manual. Given that this document is a bit outdated and not necessarily accurate, we have some recommendations for you to consider with Advocacy Committee with respect to the manual.

- E-1: Repeal
- E-2: Rewrite to be more practical, updated, and in line with the *Sustainable Action Plan*.
- E-3: Rewrite to be a policy
- E-4: Rewrite to be more of a policy
- E-5: Merge with E-4
- E-6: Revise to perhaps reflect our relationship with SVPRO and update as necessary
- E-7 and 8: Merge to become a Policy on Transit
- E-9: Repeal
- E-10: Repeal or make into a policy

Please let me know if you have any questions regarding these. I would love to set up a meeting with you to go over these in more detail at a time when you are available. If you're free next week, we can find a time and we can set it up.

Best wishes,

Justin
