

AMS Student Life Committee

January 2021 Monthly Report

Hello from the Student Life Committee!

We meet bi-weekly on Zoom. If you would like to join or if you have any questions for us, please do not hesitate to reach out to us at Slcom@ams.ubc.ca!

Works Completed:

- A. **Increasing Voter Turnout Campus-Wide** - The Student Life Committee has received multiple responses from various AMS constituencies in support of sharing neutral, informational infographics to their social media pages to help spread the word regarding AMS elections.
- B. **AMS Club Support** - The Student Life Committee discussed responses received from a survey sent out to clubs to gauge how the AMS can better support its clubs and services, as well as student life and student engagement aspects. We will implement these responses and results to our work to enhance the experience of clubs and service users.

Works In Progress:

- A. **Election Infographics** - The Student Life Committee will send neutral, information infographics to AMS constituencies when they are made available to share.
- B. **Engagement Strategies** - The Student Life Committee hopes to gain a better understanding of how to enhance engagement strategies the AMS is utilizing in terms of social media and promoting student engagement.
- C. **Formation of the Grad-Class Council** - We are currently working on the formation of the Grad-Class Council and are looking forward to encouraging the decision of the Grad gift made by the subcommittee and fostering a relationship between the SLC and this subcommittee to ensure necessary tasks and projects are completed.
- D. **Promoting AMS Elections to Underrepresented Groups** - The Student Life Committee is looking forward to discussing how the AMS can promote elections

to underrepresented groups and encourage more members from specific demographic groups to get involved. We are hoping to have our ideas implemented before elections in the 2021-2022 school year to promote more diversity and inclusion in the AMS!
