

AMS Student Life Committee

April 2021 Monthly Report

Hello from the Student Life Committee!

We meet bi-weekly on Zoom. If you would like to join or if you have any questions for us, please do not hesitate to reach out to us at Slcom@ams.ubc.ca!

Works Completed:

- A. **Increasing Voter Turnout + Promoting AMS Elections (In Future Years)** - The Student Life Committee edited and made suggestions to a list of survey questions to be included in the annual AMS Experience Survey. These questions will aim to help us understand what motivates/demotivates students to vote in AMS elections.

- B. **Graduation Gift** - Members of the Graduating Class Subcommittee decided upon exploring the creation of some informal, outdoor learning spaces either at one or multiple locations within UBC's academic core. Campus and Community Planning will be consulted to help with the process. The subcommittee will continue to meet and remain in contact until the project is completed.

- C. **Graduation Class Subcommittee Terms of Reference Update** - A few improvements have been made to the existing terms of reference regarding the Graduating Class Subcommittee. These amendments will create an easier and more efficient way of approaching the subcommittee's work and achieving the goal of deciding upon a graduation gift. These new improvements will also aid the new Student Life Committee in working with the subcommittee with fewer problems/barriers next year.

- D. **Student Life Committee Terms of Reference Update** - The Student Life Committee, in collaboration with the Events Structure Ad Hoc Committee, approved and amended its terms of reference, predominantly regarding the reporting structure of Student Services, Communications, and Events to the Student Life Committee. These changes will provide more structure to the departments' role on the committee and will provide the committee with a more consistent method of receiving reports.

Works In Progress:

- A. **Student Life Committee Transition Report** - The committee Chair's transition report to the next Chair of the Student Life Committee will be completed before the end of the term to urge them to complete any ongoing projects and to provide the incoming Chair with more context regarding what their role entails!
