

The Human Resources Committee met 2 times during the month of June and, in addition to approving agendas and minutes, the Committee covered the following items:

Beginning the Chief Electoral Officer Hiring Process

Seeing as we only had two meetings this month (with the first being an introductory meeting), we merely began CEO hiring process in the month of June. In collaboration with the Human Resources Department, members of the Human Resources Committee reviewed the Job Description for the role and edited as need be, and the Job Posting went up for the public on June 24, 2021, to stay up for two weeks.

Goal Setting

We began our goal setting process in June, but did not get very far. Following clarification on the scope of the Human Resources Committee, we narrowed down three specific goals in hopes that we would add more as summer progresses:

- Hire a CEO
- Create a better transition process for Executives and Student Staff
- Reassess Executive and Student Staff salaries, with comparison to student wages across Canada.

Background on the HR Committee and Introductions

This one is fairly self explanatory! We spent much of June becoming acquainted with one another, and with what the Human Resources Committee really is (with much help from former chairs and transition reports)! Once the purpose of the committee became clear, we as a team were really able to proceed with other important tasks, for now mainly being the hiring of the Chief Electoral Officer.
