SHAPING THE PLACE THAT SUPPORTS UBC’S ACADEMIC MISSION AND OUR SUSTAINABLE COMMUNITIES
UBC VANCOUVER CAMPUS TODAY

a university and a community

- **994** acres of land on the traditional, ancestral, and unceded territory of the Musqueam people
- **19 million ft²** academic floorspace
- **13,000** neighbourhood residents and **12,500** student residents
- **80,000** people on campus during the day
- **55,000** full time students
- **150,000** daily trips to/from campus
- Surrounded by **Pacific Spirit Park** and the **University Endowment Lands**
academic buildings

student housing + child care

neighbourhoods + community amenities

vibrant open spaces

well-being & ecology retail + services

transit

athletics + recreation

and more...
UBC LAND USE PLAN
HOW HAS THE CAMPUS EVOLVED?

Before UBC ...

from early UBC days...

to commuter campus...

to sustainable, transit-oriented community
ABOUT CAMPUS VISION 2050
WHAT IS CAMPUS VISION 2050?

• Long-term vision for how we use our land to support the academic mission and sustainable communities

• Deep engagement with our host nation and our communities

• Creating vibrant and inclusive spaces that support social and ecological wellbeing

• Addressing regional and global challenges including housing affordability and climate change

• Public launch in early 2022

OUTPUTS

• 30-year Vision
  long-term planning framework

• 10-year Campus Plan
  plans, policies & strategies for academic and neighbourhood lands

• Land Use Plan update
THE LAST 10 YEARS

+ 14% regional population
+ 20% in UBC students
+ 25% in UBC employees
+ 100% in UBC neighbourhood residents

$2 billion in institutional capital projects
4 million ft$^2$ of new academic space
4,000 new student beds
WHY CAMPUS VISION 2050?

Academic Mission

Reconciliation

Climate Action

Affordability + Livability

Wellbeing

Connectivity
ENGAGEMENT FOR CAMPUS VISION 2050
BUILDING ON WHAT WE’VE LEARNED

• Musqueam engagement

DISCUSSION / QUESTIONS
CAMPUS VISION 2050
what’s important to you?

• From what you’ve heard, what's important to the AMS about the process?
• How can we best engage the AMS to meet your needs?
• Any other thoughts or questions?
