Jason Pang  
AVP Sustainability  
sustainability@ams.ubc.ca

Anisha Sandhu  
Sustainability Projects Coordinator  
sustainprojects@ams.ubc.ca
Introduction

Please check out our June Report to Council and the AMS Sustainability Action Plan to learn more about AMS Sustainability's progress to date.
In 2019, the AMS emitted 791 tCO2e which is equivalent to the average annual emissions of 40 Canadians or burning over 290,000 L of gasoline!

1. **5-Year Management Plan**
2. **Carbon Offset Scope 3 Emissions**
3. **Consistent Yearly Data Collection**
Soapstand & AMS Waste Hub

Two of our current Zero Waste Initiatives. We are currently in the final stages of financing both projects.

1. EVALUATE MARKETING RECOMMENDATIONS FROM COMM 486
2. SEMESTER 2 IMPLEMENTATION
STAY TUNED FOR AMS SUSTAINABILITY WEEK IN SEMESTER 2!
Interested in booking the space? Email Anisha, Sustainability Projects Coordinator at sustainprojects@ams.ubc.ca. FREE and open to all UBC students!
AMS Thingery

A LENDING LIBRARY OF THINGS
Food Security Initiatives

We continue to provide consultation on two large-scale projects through the Food Security Initiative; one being a digital community food hub and the second being a physical community food hub on campus.
Indigenous Coordination Section

We are working on establishing a relationship with the new Indigenous Committee.

Once the committee is ready, we are hoping to update the AMS Sustainability Action Plan (ASAP) by co-creating the Indigenous Coordination section.
Thanks for listening!

Jason Pang
Associate Vice President, Sustainability
