Works in Progress

The Ombudsperson and Deputy Ombudsperson vacancies will hopefully be resolved by the first council of January – Interviews are still being held and once they are finished HR Committee will meet in early January to make a recommendation.

Throughout next semester, the HR Committee hopes to get started on various goals, such as reviewing transition reports for committee chairs, as well as reviewing executive and student staff salaries to see if changes can or should be made. As well, the HR Committee chair is looking into how to make hiring student staff more inclusive of preferred names, and hopes to work with the Equity and Inclusion lead on this matter during the next semester.
