#### 5.0 **Retaliation Prohibited**

5.1 AMS prohibits retaliation against any person who in good faith reports Sexualized Violence or participates in an investigation of such incidents or complaints. #### 6.0 **False Claims**

6.1 Persons who intentionally make false, vexatious allegations of Sexualized Violence, may be subject to corrective action.

## 7.0 What to do in case of Sexualized Violence

- 7.1 Because of its potential for immediate and serious harm, in the event of an emergency involving Sexualized Violence, AMS Members and AMS Staff should immediately contact building or site security and/or the appropriate emergency service (police or ambulance – Telephone 9-1-1).
- 7.2 AMS Staff and AMS Members are encouraged to inform AMS of any Sexualized Violence that might jeopardize the safety of the individual or other AMS Staff or AMS Members. AMS Staff or AMS Members who apply for or obtain a restraining order or peace bond which lists the Premises as being a protected area should provide AMS with a copy of the restraining order or peace bond and any other relevant documents or information to allow AMS to assist compliance with the restraining order or peace bond.
- 7.3 If AMS is aware that Sexualized Violence is likely to expose AMS Staff or AMS Members to risk, every precaution reasonable in the circumstances will be implemented to protect the AMS Staff or AMS Member. AMS will only disclose personal information that is reasonably necessary to protect AMS Staff or AMS Members from Sexualized Violence.
- 7.4 Where the Sexualized Violence does not pose an immediate risk, it is the individual's choice to decide whether or not:
- (a) To disclose the Sexualized Violence;
  - (b) To informally address the Sexualized Violence; and/or
  - (c) To formally report the Sexualized Violence.

## 8.0 Disclosure

- 8.1 If a person discloses that they have been subject to Sexualized Violence to an **AMS Staff**, that AMS Staff is strongly encouraged to report the Sexualized Violence, if the circumstances of the Sexualized Violence would reasonably be seen to create a risk to the workplace or reporting is otherwise required by occupational health and safety rules.

If an AMS Staff witnesses Sexualized Violence, the AMS Staff must disclose the Sexualized Violence to Human Resources. If an AMS Staff discloses Sexualized Violence to the S.A.S.C. in a support interaction, the disclosure must remain confidential unless the person disclosing requests a report to be made.

- 8.2 If a person discloses that they have been subject to Sexualized Violence to an **AMS Member**, that AMS Member does not need to report the Sexualized Violence. AMS recommends that the AMS member:
- (a) Encourage the person to report on their own the Sexualized Violence;

- (b) Respect that it is the person's choice whether or not to report the Sexualized Violence; and
- (c) Maintain as confidential the disclosure of the Sexualized Violence.

8.3 AMS Members or AMS Staff may contact the Sexual Assault Support Centre (SASC) or the UBC Sexual Violence Prevention and Response Office (SVPRO) for support and information on how best to respond to an individual who discloses Sexualized Violence. The AMS Member or AMS Staff should respect the individual's privacy and not disclose details of the Sexualized Violence without the individual's Consent.

#### 9.0 **Informal Address of Sexualized Violence**

9.1 If appropriate, an individual may address any conduct that they consider to be inappropriate or unwelcome (whether or not such conduct amounts to Sexualized Violence) in an informal manner by advising the person engaging in the conduct of their concern and asking them to stop.

9.2 AMS Staff are encouraged to contact the AMS Ombudsperson, AMS HR Manager, or Union representative, if the AMS Staff believes those individuals could provide assistance resolving the issue.

9.3 AMS Members are encouraged to contact the AMS Ombudsperson, or AMS HR Manager, if the AMS member believes those individuals could provide assistance resolving the issue.

9.4 Any person approached with a complaint about conduct that is inappropriate or unwelcome should immediately stop engaging in the conduct in issue. If there is a dispute about whether the conduct in issue is appropriate, that dispute may be brought to the AMS HR Manager or AMS Ombudsperson for resolution.

9.5 If an AMS Staff experiences Sexualized Violence in the workplace, or an AMS Staff witnesses conduct that they believe is Sexualized Violence in the workplace, the AMS Staff **must** report it to Human Resources. If an immediate manager is approached, the manager must report it to Human Resources. AMS Staff may report to the AMS Ombudsperson if Human Resources is in a conflict of interest.

#### 10.0 **Reporting Sexualized Violence**

10.1 Reporting Sexualized Violence will lead to an investigation and, where the incident of Sexualized Violence is substantiated, corrective action.

- 10.6 Filing a report does not preclude other processes, such as a grievance under a collective agreement, reporting under UBC's Sexual Misconduct Policy (SC17), reporting to the police, or initiating a legal action (including a complaint under the BC Human Rights Code). These are separate processes and submitting a report under this policy **does not result** in a report to UBC, the police, or the initiation of a civil action.
- 10.7 Individuals seeking assistance in filing a report are encouraged to get help from the AMS Sexual Assault Support Centre (SASC).
- 10.8 No individual will be subject to sanctions for violations of the substance use clauses of BU1 (Suspensions and Expulsions from AMS Property) or any other applicable AMS policy as a result of a complaint under this policy.

- 11.3 In assessing the appropriateness of interim measures, AMS will consider the least restrictive measures necessary to:
- (a) Protect members of the AMS;
  - (b) Preserve the confidence of the AMS community in the AMS's ability to maintain a safe environment;
  - (c) Preserve the integrity of an investigation; and the privacy of all parties.
  - (d) Avoid interference, to the extent possible, with all parties' participation in academic, work and student life at the AMS.
- 11.4 Individuals affected by interim measures may request, in writing, a review of such measures. A written request for review of the measures must be made to the AMS HR Manager or AMS Ombudsperson within five (5) business days of the notice advising of interim measures imposed.
- 11.5 Interim measures will remain in effect for as long as is reasonably required pending the outcome of an Investigation.

This includes confidential, one-on-one support sessions and safety planning, everything from academic concessions or workplace support, to emergency housing and funding. SVPRO:

- (a) For **AMS Members**, AMS will retain a third party investigator or assign the AMS Ombudsperson as the investigator.
  - (b) For **AMS Staff**, the AMS HR Manager will be the investigator.
- 13.2 The investigator will determine as soon as possible, and ideally within one week, if the conduct reported shows a basic case that there has been a breach of this policy. Even if the conduct is not in breach of the policy, for example because it is outside the scope of the policy's jurisdiction, the investigator may still direct that AMS provide support to the person who suffered the alleged harm, as set out in the section titled "Support".
- 13.3 The investigator may make recommendations for interim measures.
- 13.4 Investigations will generally be conducted within 45 days after receiving a report for AMS Members. Investigations must be conducted within 45 days after receiving a report for AMS Staff. The complexity of an incident or complaint or other circumstances may result in an investigation taking longer.
- 13.5 While the investigator may tailor the investigative process to the particular circumstances of each case, the investigation generally will include:
  - (a) interviewing the person who allegedly suffered the harm and the person who allegedly caused the harm;
  - (b) interviewing any witnesses to the conduct;
  - (c) gathering and reviewing relevant documents, telephone, voice, data, text messages and any other record including written statements, notes, emails, pictures and other electronic records;

This may include providing information in an interview, submitting a written statement, and/or disclosing emails or documents.
- 13.7 The process for investigating and resolving incidents and complaints may range from a process where a few words are all that is needed to investigate and resolve the matter to a process involving extensive submissions, fact-finding and the use of outside investigators or outside counsel. AMS will make the decision as to the appropriate resources to allocate to each incident or complaint and as to the process for the investigation.
- 13.8 Investigations will follow due process and natural justice.

- 13.9 Participants in investigations have the right to a support person throughout.
- 13.10 All reports will be investigated. If a party elects not to participate in the investigation process, the investigation will continue regardless, but without their evidence.
- 13.11 AMS will direct the investigator to carry out their investigation in a fair manner that incorporates trauma informed principles.

#### 14.0 **Confidentiality**

- 14.1 The AMS recognizes that confidentiality is an important part of fostering an environment where individuals feel safe disclosing and seeking support. The AMS will make every reasonable effort to protect personal information and maintain confidentiality as outlined in this section and in accordance with the Personal Information Protection Act (PIPA), the AMS's Privacy Policy (SR1), the AMS's Records Policy (SR2), and other relevant legislation.
- 14.2 Any person who participates in an investigation into an incident or complaint of Sexualized Violence shall not discuss the investigation with any other person, except with the person's support person and to the extent necessary to obtain professional advice about the incident.
- 14.3 Neither AMS nor the investigator will disclose any information obtained about an incident or complaint of Sexualized Violence except where disclosure is necessary for the purposes of protecting persons, investigating the incident or complaint, or taking responsive measures in relation thereto, or as otherwise permitted by this policy.
- 14.4 In many incidents and complaints, AMS or the investigator will have to disclose to the party being accused of causing the harm and potential witnesses enough information about the complaint to allow them to give meaningful evidence, either in response or generally. This may involve or result in identification of the person making the complaint and, if different, the person who is the victim of Sexualized Violence.
- 14.5 It is common in most complaints involving AMS Staff for the investigator to collaborate with senior management and Human Resources and share information about an incident, complaint and an investigation. If a member of senior management or Human Resources is named as a party, they would not participate in this collaboration.
- 14.6 The result of an investigation into an incident or complaint will be shared with the parties in writing. The AMS President or AMS Managing Director, respectively, will also receive the results the investigation.

- 15.1 The investigation report will maintain privacy and should use anonymous identifiers for the parties and witnesses.
- 15.2 Upon completion of the investigation, the investigator will issue an investigation report that sets out: findings of fact; and whether, on a balance of probabilities, a policy violation has occurred. AMS may request that the investigator also provide recommendations for corrective actions.
