

April 14, 2023 – AMS Elections

Addressed to AMS Council and Constituency Councils
CC: Constituency Elections Officials

This letter is to certify the results of all the elections held by our constituencies in winter term two that used the electronic voting system provided by AMS Elections. The time for appeals and complaints to AMS Elections has elapsed. AMS Elections has received no complaints or appeals after the close of voting, nor were any complaints or appeals received that would have altered the election outcomes.

As the AMS Elections Administrator, I certify that, to the best of my knowledge, these results are accurate and that the elections followed all applicable rules. Accordingly, this letter makes the results of all these elections official and no motion by AMS Council, or Constituency Councils is required to confirm these results. Therefore, the Official Results for the elections run by the listed constituencies can be found below at the following publicly accessible links:
