

Office of the Vice President Academic and University Affairs

Report to Council, July 12, 2023

Undergraduate Research

- Working with the UBC Office of the Vice President, Research, and Innovation to create a program that promotes undergraduate research through funding and other mechanisms of support.

Academic Experience Survey

- Currently creating 18 separate Faculty-specific AES Reports that are being circulated to Deans and Associate Deans on a rolling basis.

Campus Vision 2050

- Preparing priorities related to the draft 30-year vision for the campus that will be available for consultation later this month and priorities for the 10-year campus plan which is part of the next phase of Campus Vision engagement.

Budget

- The brief on the UBC budget is out for consultation among certain constituency leaders and staff at the AMS, it will be broadly circulated once revisions based on that consultation are completed.
- In the beginning stages of establishing the AMS Budget Priorities for the UBC Budget.

Academic Integrity

- Currently in talks with the Academic Integrity Hub to start planning for Academic Integrity Week as well as providing consultation on potential systemic improvements to the program and its delivery of services based on the results of the AES.

Student Affordability Task Force (SATF) Implementation

- Currently working with several leads responsible for the implementation of the SATF recommendations to ensure student priorities are reflected in next steps.

Open Education Resources (OERs)

- Currently in conversation with the Provost's Office to secure the presentation of the new cross-campus OER Impact Award at the AMS OER Champions Night.
